NOTE 1.—This blank will be used for both enlistments and re-enlistments—substituting "re-enlisted," &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (just the term for which enlisted, to be given in words), and the other to accompany the account of the officer who pays bounty, &c. The Baptismal and Christian name of the recruit must be given in full, and his place of birth stated. A minor is one who is under twenty-one years of age. A citizen is one who has a permanent domicile in the United States, and who has not declared his intention to become such. The attesting officer, commissioned or enlisted, of the case may be, will countersign beside his name. The recruiting officer must satisfy himself by personal examination as to the correctness of all the statements made in the declaration, and by requiring the production of such documentary evidence in his power as he may deem necessary. He must also certify, at the foot of the declaration, that he has done so, and state explicitly in his certificate the means of information and the reasons for his belief that the recruit is of the proper age, and has the necessary qualifications as to health, habits, &c., to render him an efficient soldier. He must also certify that he has carefully explained to the recruit the terms of his enlistment, and that he fully understands them.

NOTE 2.—An enlistment holds to service for the term specified, unless sooner discharged by proper authority. A recruit is not discharged from service until his discharge has been received at the rendezvous of his company, or at the office of the Superintendent of Recruiting Service to which he belongs, or at the office of the Adjutant General's Office as evidence of discharge. A minor to whom the consent of parent or guardian is necessary cannot be enlisted after he has attained the age of twenty-one years. A deserter is held to service for three years additional to the unexpired portion of the term for which he enlisted, or to the full term of three years from the date of his enlistment. The attesting officer, countersigning a descriptive list, is responsible that no minor, deserter, or person otherwise disqualified is enlisted. A minor is one who has not attained the age of twenty-one years. A citizen is one who owes permanent allegiance to and is entitled to the protection of the United States before either of them is given to the discharging officer.

Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared: the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a *probable* case for *pension*, *special* care must be taken to state the *degree* of disability—as ½, ¼, &c., &c.: to describe particularly the disability, wound, or disease: the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1288 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge: and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, taleva, or any obscure disease liable to be feigned or purposely produced, and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon in charge of the hospital where the soldier is sick. The surgeon will there fill out and sign the surgeon's certificate and have all the papers ready for the company, detachment, or post commander who will forward them with descriptive list, &c., &c., as ordered therein through the proper channel to his division commander, or, if the troops are not attached to divisions, to the corps, post, or other commander or officer to whom the authority to discharge is delegated.

These certificates after having received the action of the highest authority to which they are required to be sent will be returned through the same channel to the regimental, post or other commander who sent it; the discharge is authorized by the commander on the paper, and that the soldier is furnished with the proper [illegible] examination to duplicate, and forward with all these papers to the Adjutant General United States Army at Washington, D. C. [illegible] will not, under any circumstances, be given into the hands of the soldier.

And in case any of the officers who are required to take care of the effects of deceased officers and soldiers should, before they have accounted for the same, themselves die or leave the regiment or corps by promotion or otherwise, they shall, before they be permitted to do so, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 93d Article of War will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of ——— ———, late of company (—) ——— regiment of ——— ———, who died at ———, the ——— day of ———, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the —— day of ———, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be annexed to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any means turned over to him, one copy should be sent direct to the Adjutant General and one returned by the officer.

General T. Sherman Dear Sir I have a
son in the United States service whose name is
Wm A. Rich. He is in Capt Kelly's Company K. 2nd
Regiment Kentucky Volunteers Col Fry and is
now in camp since last August. He applied to his Capt
and Col for his discharge and they informed me
that I must wait to apply to you at Headquarters.
I have already spent a good deal of trouble and
time & considerable expense in trying to obtain his
discharge and I hope you will have him discharged
without any further trouble. My son was persuaded off
from me by one Abe Sanders who professed to be a
Lieutenant in said Regt some two weeks before I
knew where he was. I heard that he was at Camp
Dick Robinson and went there immediately but could
not get him. His age can be proved by as respectable
citizen as there is in the county in which I live and
his Captain is satisfied of his age and is willing for
him to be discharged by proper authority.
Now you will please let me hear from you on
the subject immediately

Yours with respect

CERTIFICATE OF DISABILITY FOR DISCHARGE

IN THE CASE OF

James Tipley
a Unassigned Substitute
of Kentucky

Adjutant General's Office,
Dec 2 1864
Duplicate sent to Pension Office

Received (A. G. Office) ..... , 186

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special* care must be taken to state the *degree* of disability—as ½, ¼, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the commander of the proper authority, sign the soldier's discharge and the last certificate on this paper, see that the soldier is furnished with the proper final statements in duplicate, and forward copies of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

CERTIFICATE OF DISABILITY FOR DISCHARGE

IN THE CASE OF

Geo Roberts

a Private Co.

5th Dist Regt of Kentucky

Adjutant General's Office,
Dec 25 1864
Duplicate sent the Pension Office

Received (A. G. Office) _____, 186 .

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, *&c.*, *&c.*

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on the paper, see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates *direct* to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

W. H. Sidell,
Brevt Col. U. S. A. Dept,
Sir,

I have received from my Attorney, G. W. Riley, the accompanying papers with statement thereon by Capt Sheldon A. M. 4th Dist. Ky., and your memorandum, resulting therefrom. I beg leave to submit it upon your notice, with the following statement.

On the 4th of Dec, 1864 I moved at Lebanon, Ky my recruiting station, under orders from Capt Bacon Regts of Ky, and immediately reported to Capt T. J. Alexander, then A. M. of the Dist. Pending instructions from him. I concealed portions of the counties of Marion, Nelson, Washington, and Mercer, furnishing

my own means of transportation, and defraying my own offenses. Capt. Fiddler winds up with the assertion that my offedition was simply a furlough in disguise, because we below were formed" &c. got in the beginning of his state- ment it appears that he did not enter upon his duties until Jan 25/64, nearly two months after I reported, (and to my certain knowledge a portion of that time he was in Washington city on business connected with his present position) and how he could have any official information that my absence was performed" I am unable to see. The facts of the case are simply these. I was ordered from my R.G. on recruiting service, (not fur- lough) and compelled to remain from it nearly five months for I could not return until ordered to do so by superior officers - got after a reasonable length of time I would have performed the duty, as I was compell- ed to defray my offenses with my own money out of which was caused by hard service, by many weary marches and fatigues and offenses in camp, whereas those whose duty it was to make proper arrangements for my subsistence, neglected to do so. Capt. Fiddler says I "obtained no re- cruits" which is true; but was it my fault that men did not choose to enlist at that time? I could use persuasion, but not force. He had a better on the same duty, at the same time as myself, and to the best of my knowl- edge and belief, he never obtained but one re- cruit, for which he received $25.00, and offenses paid to and from recruiting ground I will venture the assertion this has caused account was profanely settled, although he was at home "with his mother" during the time.

But admitting that my "offedition was a furlough," &c. I think the army regulations allow an enlisted man commutation of rations for the specified time of his absence.

With these remarks, I respectfully ask your consideration of this matter - to an honorable soldier, who has performed his

NOTE 1.—This blank will be used for both enlistments and reënlistments—enlistment of veterans, &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting roster of the organization (not the recruiting officer) to the Adjutant General, and one to accompany the account of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A reënlistment, in all cases, precede payment of pay, bounty, pension, &c. A reënlistment, as the case may be, will commonly be in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both alternatives as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

EXAMINING SURGEON

I CERTIFY, ON HONOR, That I have minutely inspected the Volunteer, previously to his enlistment, and that he was entirely sober when enlisted; that, to the best of my judgment and belief, he is of lawful age; and that, in accepting him as duly qualified to perform the duties of an able-bodied soldier, I have strictly observed the Regulations which govern the recruiting service.
